LOUISIANA EARLY START PROGRAM

The Louisiana Early Start Program provides tuition assistance to eligible 11th and 12th grade students from public high schools that enroll in eligible college courses for dual credit at an eligible public or private college or university.

Students must meet general eligibility requirements as well as course requirements to enroll in college level, degree credit courses, enrichment/developmental courses or work skills/technical courses. The framework for the Louisiana Early Start program may be modified by the Board of Regents to improve the effectiveness of the program or address shortfalls in appropriations. The current application is also posted on the LOSFA website at www.osfa.la.gov

SUMMARY OF ROLES AND RESPONSIBILITIES

The following overview summarizes critical roles and responsibilities of high schools and colleges/universities in the Early Start process. Refer to the attached program framework for a complete outline of program responsibilities.

HIGH SCHOOL PRINCIPAL (OR DESIGNEE) –

You must select the college course the student will take for high school credit. If the student enrolls in more than one course, you must designate the course to be paid with Early Start funds. You are responsible for ensuring that the student meets the minimum PLAN or ACT score for the college course and the test score is on file at your school. If the student's PLAN or ACT score does not meet the minimum required, the Early Start program will not pay for the student to enroll in the course.

COLLEGES/UNIVERSITIES –

Before a college course will be paid by the Early Start Program, a student must have enrolled in the college course approved by the high school on the application. Colleges/universities may NOT change a course selected by a high school. If the college/university determines that the student is ineligible for a course, that a course is not available or that there is a more suitable course, the application should be returned to the high school with an explanation.

Since a student is not eligible for Early Start unless he earns an A, B, C, or P the previous semester, if enrolled, colleges/universities are responsible for ensuring the student earned the required grade before certifying the student's eligibility for the subsequent semester.

Colleges/Universities must submit grades by the reporting deadline. Institutions that fail to meet the grade reporting deadline must receive permission from the Board of Regents to be approved for continued program funding for that semester. Payment requests for approved institutions will not be processed until LOSFA has received all grades from the institution for all courses funded by Early Start.

Colleges/Universities must submit billings by the billing deadline. Billings received after the deadline will not be processed without Board of Regents' approval and may jeopardize the college/university receiving payment.
