TOPICS:	Clarification of Dual Enrollment ACT/Plan Assessment Score Requirement

In order to establish eligibility for the Dual Enrollment Program, student applicants must meet all of the eligibility criteria outlined in Program Rules including minimum PLAN or ACT assessment scores for the various coursework. In addition, postsecondary institutions may require students to meet additional institutional requirements to enroll in Dual Enrollment courses. Therefore, it is important to ensure adequate communication with the admissions personnel to determine what those requirements are when examining eligibility for prospective Dual Enrollment students. Postsecondary institutions with open admission policies should adhere to the rules set forth for the Dual Enrollment Program.
